

What is Healing Touch?

Healing Touch is a relaxing, nurturing biofield/energy therapy. Gentle touch assists in balancing your physical, emotional, mental and spiritual well-being.

Healing Touch works with your energy field to support your natural ability to heal.

It is safe for all ages and works in harmony with standard medical care.

A Healing Touch Session feels like a nurturing radiance that flows through and around you. Each individual experience is unique and based upon your individual needs.

*"I receive Healing Touch to bring in serenity, balance and love. Healing Touch is my monthly infusion of peace."
-Andrea Rietsch, Mother of three*
